GLOBAL LEADERSHIP CERTIFICATE

Key Club's Global Leadership Conference builds leaders through hands-on workshops, service planning, and connections with peers and global partners. It's a space to grow, get inspired, and turn ideas into real community impact. Go to engage.kiwanis.org for more info.

Erika's Lighthouse

One of Key Club's international partners, Erika's Lighthouse, raises awareness about teen depression and promotes positive mental health. Through free resources, it helps students recognize struggles, seek support, and uplift one another. It is something our division can truly make an impact on.

Earl Collins Scholarships & Grants

The Earl Collins Foundation Scholarship, offered by the Missouri-Arkansas District of Kiwanis International, supports students entering colleges, trade schools, and universities. It honors academic success, service, leadership, and financial need, with extra recognition for Key Club involvement. As college applications approach, this is a great opportunity for seniors to be rewarded for their dedication and impact.
